To the Directors of Australian Unity Funds Management Limited

Opinion

We have undertaken a reasonable assurance engagement on Platypus Australian Equities Fund's (the Fund) compliance, in all material respects, with the *Migration (IMMI 15/100: Complying Investments) Instrument 2015* ("IMMI 15/100" or "the Instrument") as evaluated against the balancing investment requirements set out in Section 10 of IMMI 15/100 ("the investment requirements"), throughout the period 1 July 2021 to 30 June 2022.

In our opinion, the Fund has complied, in all material respects, with the Instrument as evaluated against the investment requirements throughout the period 1 July 2021 to 30 June 2022.

Basis for opinion

We conducted our engagement in accordance with Standard on Assurance Engagements ASAE 3100 *Compliance Engagements* issued by the Auditing and Assurance Standards Board.

We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our conclusion.

30 June 2022.

An assurance engagement to report on the Fund's compliance with the Instrument involves performing procedures to obtain evidence about the compliance activity and controls implemented to meet the Instrument. The procedures selected depend on our judgement, including the identification and assessment of risks of material non-compliance with the Instrument, as evaluated against the investment requirements.

Inherent limitations

Because of the inherent limitations of an assurance engagement, together with the internal control structure, it is possible that fraud, error or non-compliance with compliance requirements may occur and not be detected.

A reasonable assurance engagement throughout the period 1 July 2021 to 30 June 2022 does not provide assurance on whether compliance with the Instrument will continue in the future.

Use of report

This report has been prepared for the purpose of Section 10(4) of the *Migration (IMMI 15/100: Complying Investments) Instrument 2015*.
