Directors' report

The directors of Australian Unity Funds Management Limited (ABN 60 071 497 115), the "Responsible Entity" of Platypus Australian Equities Fund ("the Scheme"), present their report together with the financial statements of the Scheme for the year ended 30 June 2026, and the report of the auditor thereon.

Directors

The following persons were directors of the Responsible Entity during the whole of the year and up to the date of this report (unless otherwise stated):

Adam Vise	Executive Director (appointed 29 August 2025)
Balaji Gopal	Executive Director (appointed 28 August 2026)
Darren Mann	Executive Director (resigned 12 January 2026)
Esther Kerr	Executive Director (resigned 29 August 2025)
Julien Playoust	Non-Executive Director (appointed 31 July 2026)
Matthew Ricker	Executive Director (appointed 12 January 2026, resigned 31 July 2026)
Paul Ryan	Executive Director (appointed 15 December 2025, retired 28 August 2026)
Rohan Mead	Executive Director (retired 15 December 2025)

Principal activities

Until its wind-up (refer to Scheme wind-up details below under Significant changes in state of affairs), the Scheme invests in accordance with the investment policy of the Scheme as set out in its Product Disclosure Statement (PDS) and in accordance with its Constitution.

The Scheme's assets are managed by Platypus Asset Management Pty Ltd. Platypus Asset Management Pty Ltd is a wholly owned subsidiary of Australian Unity Limited.

Review and results of operations

For the years ended 30 June 2026 and 30 June 2025, the Scheme posted total returns as follows:

	Total Return	2026 Distribution Return	Growth Return	Total Return	2025 Distribution Return	Growth Return
	%	%	%	%	%	%
Wholesale class	(14.97)	2.17	(17.14)	10.02	0.63	9.39
Institutional class	(14.98)	2.28	(17.26)	10.15	0.72	9.43

Unit prices (ex distribution) as at 30 June 2026 (30 June 2025) are as follows:

Wholesale units \$1.4723 (\$1.7768)*

Institutional units \$1.0336 (\$1.2490)*

* The reported performance numbers and reported unit prices (which are not audited) have been derived based on the declared unit prices calculated in accordance with the Responsible Entity's unit pricing policy and are not based on the net assets of these IFRS compliant financial statements.

The performance of the Scheme, as represented by the results of its operations, was as follows:

	2026 \$'000	2025 \$'000
(Loss)/profit before finance costs attributable to unitholders	<u>(79,260)</u>	<u>38,062</u>
<i>Distributions</i>		
Distributions paid	3,298	1,576
Distributions payable	<u>8,223</u>	<u>1,335</u>
Distributions paid and payable	<u>11,521</u>	<u>2,911</u>

Directors' report (continued)

Significant changes in the state of affairs

There were no significant changes in the state of affairs of the Scheme during the financial year.

Events occurring after end of the year

In September 2026, Australian Unity Funds Management Limited, as Responsible Entity of the Scheme, determined that it was in the best interests of Unitholders to terminate and commence an orderly wind-up of the Scheme under sections 601NA and 601NE(1)(a) of the Corporations Act 2001 (Cth) and the relevant provisions of the Scheme's Constitution.

The Constitution provides that the Scheme terminates on the date specified by the Responsible Entity in a notice given to Unitholders. The termination date specified in that notice is 8 September 2026.

In winding up the Scheme, the remaining assets will be realised, outstanding liabilities discharged and the remaining net proceeds distributed to unitholders in accordance with the Scheme's Constitution.

As a result, the financial statements have been prepared on a basis other than going concern. This change in basis has not resulted in a material adjustment to the carrying amounts of the Scheme's assets and liabilities at 30 June 2026.

Since 30 June 2026, the Scheme has processed investor redemptions totalling approximately \$206.5 million. These redemptions were met from available cash and the realisation of listed investments. Management is satisfied that the Scheme remains able to meet its obligations as they fall due.

Apart from the matters described above, no other events have occurred since the reporting date that would materially affect the Scheme's financial position or performance.

Likely developments and expected results of operations

The Scheme is expected to be wound up in accordance with its Constitution. Remaining assets are expected to be realised, outstanding liabilities discharged and the remaining net proceeds distributed to unitholders. Accordingly, no further material investment operations are expected.

Indemnification and insurance of officers and auditors

No insurance premiums are paid for out of the assets of the Scheme in regard to insurance cover provided to either the officers of Australian Unity Funds Management Limited or the auditors of the Scheme. Provided that as the officers of Australian Unity Funds Management Limited act in accordance with the Scheme's Constitution and the *Corporations Act 2001*, the officers remain indemnified out of the assets of the Scheme against losses incurred while acting on behalf of the Scheme. The auditors of the Scheme are in no way indemnified out of the assets of the Scheme.

Fees paid to and interests held in the Scheme by the Responsible Entity or its associates

Fees paid to the Responsible Entity and its associates out of Scheme property during the year are disclosed in Note 13 to the financial statements.

No fees were paid out of Scheme property to the directors of the Responsible Entity during the year.

The number of interests in the Scheme held by the Responsible Entity or its associates as at the end of the year are disclosed in Note 13 to the financial statements.

Units in the Scheme

The movement in units on issue in the Scheme during the year are disclosed in Note 6 to the financial statements.

The value of the Scheme's assets and liabilities is disclosed in the statement of financial position and derived using the basis set out in Note 2 to the financial statements.

Environmental regulation

The Scheme operations are not subject to any material environmental regulations under Australian law. There were no known reportable breaches of those regulations during the year.

Rounding of amounts

The Scheme is an entity of the kind referred to in *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2026/183* issued by the Australian Securities and Investments Commission relating to the "rounding off" of amounts in the directors' report. Amounts in the directors' report have been rounded to the nearest thousand dollars, where indicated.

Directors' report (continued)

Auditor's Independence Declaration

A copy of the auditor's independence declaration as required under section 307C of the *Corporations Act 2001* is set out on page 5.

Signed in accordance with a resolution of the directors of Australian Unity Funds Management Limited.

Adam Vise

Julien Playoust
Director

17 September 2026

Lead Auditor's Independence Declaration under Section 307C of the Corporations Act 2001

To the Directors of Australian Unity Funds Management Limited,
the Responsible Entity for Platypus Australian Equities Fund

I declare that, to the best of my knowledge and belief, in relation to the audit of Platypus Australian Equities Fund for the financial year ended 30 June 2026 there have been:

- i. no contraventions of the auditor independence requirements as set out in the *Corporations Act 2001* in relation to the audit; and
- ii. no contraventions of any applicable code of professional conduct in relation to the audit.

1 General information

These financial statements cover Platypus Australian Equities Fund ("the Scheme") as an individual entity. The Scheme was constituted on 11 April 2006 and will terminate on the 80th anniversary or earlier in accordance with the Scheme's Constitution.

The Responsible Entity of the Scheme is Australian Unity Funds Management Limited (ABN 60 071 497 115) (the "Responsible Entity"), a wholly owned subsidiary of Australian Unity Limited (ABN 23 087 648 888). The Responsible Entity's registered office is Level 15, 271 Spring Street, Melbourne, VIC 3000.

The Responsible Entity is incorporated and domiciled in Australia.

These financial statements are for the financial year 1 July 2025 to 30 June 2026.

These financial statements were authorised for issue by the directors of the Responsible Entity on 17 September 2026. The directors of the Responsible Entity have the power to amend and reissue the financial statements.

2 Summary of material accounting policies

The financial statements are general purpose financial statements which have been prepared in accordance with the Australian Accounting Standards adopted by the Australian Accounting Standards Board and the Corporations Act 2001. The financial statements comply with International Financial Reporting Standards adopted by the International Accounting Standards Board.

(a) Basis of preparation

The statement of financial position is presented on a liquidity basis, with assets and liabilities presented in decreasing order of liquidity. Following the Responsible Entity's decision to wind up the Scheme, the Scheme's remaining assets are expected to be realised and its liabilities settled as part of the wind-up process.

During the period subsequent to 30 June 2026, the Responsible Entity resolved to wind up the Scheme and return the remaining net assets to unitholders. The Responsible Entity expects the wind-up process to be completed during October 2026.

As a result, the financial statements have been prepared on a basis other than going concern.

In preparing the financial statements on an alternate basis, the Scheme has continued to apply the recognition and measurement requirements of Australian Accounting Standards. The use of a basis of preparation other than going concern has not resulted in any adjustment to the carrying value of the Scheme's assets or liabilities as at 30 June 2026.

These financial statements are presented in the local currency being Australian dollars.

(i) New and amended accounting standards adopted by the Scheme

Where applicable, the Scheme has adopted new and amended accounting standards which have become mandatory for the first time in the current reporting period as set out in the below table. The adoption of the new and amended accounting standards has had no impact to the Scheme's financial statements.

AASB	Title
AASB 2023-5	Amendments to Australian Accounting Standards - Lack of Exchangeability

(ii) New standards and interpretations not yet adopted

The following table sets out the new and amended accounting standards issued by the Australian Accounting Standards Board that are not mandatory for the 30 June 2026 reporting period and have not been adopted by the Scheme.

AASB	Title	Operative date*
AASB 2024-2	Amendments to Australian Accounting Standards - Classification and Measurement of Financial Instruments	1 January 2026
AASB 2024-3	Amendments to Australian Accounting Standards - Annual Improvements Volume 11	1 January 2026
AASB 2025-2	Amendments to Australian Accounting Standards - Classification and Measurement of Financial Instruments: Tier 2 Disclosures	1 January 2026
AASB 18	Presentation and Disclosure of Financial Statements	1 January 2027

* Operative date is for the annual reporting periods beginning on or after the date shown in the above table, unless otherwise stated.

2 Summary of material accounting policies (continued)

(a) Basis of preparation (continued)

The accounting standards noted above are not expected to have a material impact to the amounts reported in the financial statements. Where applicable, the Scheme will apply these standards to the annual reporting periods beginning on or after the operative dates set out above.

AASB18 Presentation and Disclosure in Financial Statements

The Scheme has assessed AASB 18 and considers it relevant to its financial statements, primarily affecting presentation and disclosure.

An initial assessment has been completed, including a review of the statement of profit or loss, management reporting and disclosure requirements. The assessment is ongoing, and at this stage the Scheme is not able to reasonably estimate the full impact of adopting the standard.

(iii) Use of judgments and estimates

The preparation of the Scheme's financial statements requires it to make judgements, estimates and assumptions that affect the reported amounts of assets and liabilities. Uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amount of the asset or liability affected in the future. However, estimates are continually evaluated and based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Critical judgements are made in relation to the Scheme's financial statements. The Scheme's financial instruments are valued primarily based on the prices provided by independent pricing services.

When the fair values of the reported financial instruments cannot be derived from active markets, they are determined using prices obtained from inactive or unquoted markets and/or other valuation techniques. The inputs to these valuation techniques (if applicable) are taken from observable markets to the extent practicable. Where observable inputs are not available, the inputs may be estimated based on a degree of judgements and assumptions in establishing fair values.

Where appropriate, the outcomes of the valuation techniques that are used in establishing fair values are validated using prices from observable current market transactions for similar instruments (without modification or repackaging) or based on relevant available observable market data.

The determination of what constitutes 'observable' requires significant judgement by the Scheme. The Scheme considers observable data to be market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary and provided by independent sources that are actively involved in the relevant market.

In addition, areas such as credit risk (both own and counterparty), volatilities and correlations require management to make estimates and judgements. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

For certain other financial instruments, including amounts due from/to brokers, accounts payable and the carrying amounts approximate fair value due to the immediate or short-term nature of these financial instruments.

(b) Net gains/(losses) on financial assets

Net gains/(losses) on financial assets and financial liabilities at fair value through profit or loss arising on a change in fair value are calculated as the difference between the fair value at the end of the year and the fair value at the previous valuation point. Net gains/(losses) do not include interest.

(c) Income tax

Under current legislation, the Scheme is not subject to income tax provided it attributes the entirety of its taxable income to its unitholders.

The Scheme currently incurs withholding taxes imposed by certain countries on investment income and capital gains. Such income or gains are recorded net of withholding taxes in the statement of comprehensive income.

(d) Functional and presentation currency

Balances included in the Scheme's financial statements are measured using the currency of the primary economic environment in which it operates (the "functional currency"). This is the Australian dollar, which reflects the currency of the economy in which the Scheme competes for funds and is regulated. The Australian dollar is also the Scheme's presentation currency.

2 Summary of material accounting policies (continued)

(e) Structured entities

The Scheme has assessed whether the funds in which it invests should be classified as structured entities. The Scheme has considered the voting rights and other similar rights afforded to investors in these funds, including the rights to remove the fund manager or redeem holdings. The Scheme has also considered whether these rights are the dominant factor in controlling the funds, or whether the contractual agreement with the fund manager is the dominant factor in controlling these funds. The Scheme has concluded that the funds in which it invests in are structured entities, and are therefore not consolidated.

(f) Rounding of amounts

The Scheme is an entity of the kind referred to in *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2026/183* issued by the Australian Securities and Investments Commission relating to the "rounding off" of amounts in the financial statements. Amounts in the financial statements have been rounded to the nearest thousand dollars, where indicated.

3 Interest income

	2026 \$'000	2025 \$'000
Cash on deposits	<u>432</u>	<u>441</u>
Total interest income	<u>432</u>	<u>441</u>

Interest income is recognised for all financial instruments on an accrual basis.

4 Net gains/(losses) on financial instruments at fair value through profit or loss

	2026 \$'000	2025 \$'000
Net unrealised (loss)/gain on financial assets at fair value through profit or loss	(25,904)	55,155
Net realised loss on financial assets at fair value through profit or loss	<u>(58,340)</u>	<u>(20,152)</u>
Total net (losses)/gains on financial instruments at fair value through profit or loss	<u>(84,244)</u>	<u>35,003</u>

5 Auditor's remuneration

The auditor's remuneration is paid directly by the Responsible Entity.

During the year the following fees were paid or payable for services provided by the auditor of the Scheme:

	2026 \$	2025 \$
Audit services - KPMG		
Audit and review of financial statements	26,815	26,146
Audit of compliance plan	<u>3,180</u>	<u>3,000</u>
Total auditor's remuneration	<u>29,995</u>	<u>29,146</u>

6 Net assets attributable to unitholders - liability

The Scheme classifies net assets attributable to unitholders as a financial liability in accordance with the requirements of AASB 132 *Financial Instruments: Presentation*. Units in the Scheme are redeemable at the unitholders' option and do not meet the criteria for classification as equity. Accordingly, the net assets attributable to unitholders are presented as a liability in the Statement of Financial Position and measured at the redemption amount payable at the reporting date.

The Scheme may issue multiple classes of units; however, all unit classes rank equally and confer substantially the same rights and obligations on unitholders, including rights to distributions, capital and redemption proceeds. There are no material differences in the underlying economic interests or voting rights between the unit classes. There are two classes of unitholders in the Scheme being Wholesale and Institutional.

As stipulated within the Scheme's Constitution, each unit represents a right to an individual share in the Scheme and does not extend to a right in the underlying assets of the Scheme.

Movements in the number of units and net assets attributable to unitholders - liability during the year were as follows:

	2026 No. '000	2025 No. '000	2026 \$'000	2025 \$'000
Opening balance	343,371	264,185	503,157	366,660
Wholesale Class				
Applications	17,040	30,485	28,067	52,961
Redemptions	(56,645)	(23,938)	(88,665)	(41,568)
Units issued upon reinvestment of distributions	132	121	219	206
	<u>(39,473)</u>	<u>6,668</u>	<u>(60,379)</u>	<u>11,599</u>
Institutional Class				
Applications	89,463	105,913	101,387	129,125
Redemptions	(41,251)	(33,759)	(45,058)	(39,817)
Units issued upon re-investment of distributions	486	364	564	439
	<u>48,698</u>	<u>72,518</u>	<u>56,893</u>	<u>89,747</u>
(Decrease)/increase in net assets attributable to unitholders	<u>-</u>	<u>-</u>	<u>(90,781)</u>	<u>35,151</u>
Closing Balance	<u>352,596</u>	<u>343,371</u>	<u>408,890</u>	<u>503,157</u>

Units are redeemable at the unitholders' option, however, applications and redemptions may be suspended by the Responsible Entity if it is in the best interests of the unitholders.

The units can be put back to the Scheme at any time for cash based on the redemption price, which is equal to a proportionate share of the Scheme's net asset value attributable to the unitholders.

The units are carried at the redemption amount that is payable at balance sheet date if the holder exercises the right to put the units back to the Scheme. This amount represents the expected cash flows on redemption of these units.

6 Net assets attributable to unitholders (continued)

Capital risk management

The Scheme considers its net assets attributable to unitholders - liability as capital, notwithstanding that net assets attributable to unitholders are classified as a financial liability. The amount of net assets attributable to unitholders can change significantly on a daily basis as the Scheme is subject to daily applications and redemptions at the discretion of unitholders and to movements in the value of underlying investment products.

Daily applications and redemptions are reviewed relative to the liquidity of the Scheme's underlying assets on a daily basis by the Responsible Entity. Under the terms of the Scheme's Constitution, the Responsible Entity has the discretion to reject an application for units and to defer or adjust redemption of units if the exercise of such discretion is in the best interests of unitholders.

Applications and redemptions

Applications received for units in the Scheme are recorded net of any entry fees payable prior to the issue of units in the Scheme. Redemptions from the Scheme are recorded gross of any exit fees payable after the cancellation of units redeemed.

Units redemption prices are determined in accordance with the Scheme's Constitution by reference to the net assets of the Scheme divided by the number of units on issue.

Increase/(decrease) in net assets attributable to unitholders

Income not distributed is included in net assets attributable to unitholders. Where the Scheme's units are classified as liabilities, movements in net assets attributable to unitholders are recognised in the statement of comprehensive income as finance costs.

7 Distributions to unitholders

The distributions for the year were as follows:

	2026 \$'000	2026 Cents per unit	2025 \$'000	2025 Cents per unit
Distributions - Wholesale Class				
31 December	1,458	1.0608	832	0.5813
30 June (payable)	<u>3,126</u>	<u>2.8597</u>	<u>675</u>	<u>0.4536</u>
	<u>4,584</u>		<u>1,507</u>	
Distributions - Institutional				
31 December	1,841	0.8120	744	0.4881
30 June (payable)	<u>5,096</u>	<u>2.0948</u>	<u>660</u>	<u>0.3390</u>
	<u>6,937</u>		<u>1,404</u>	
Total distributions	<u>11,521</u>		<u>2,911</u>	

In accordance with the Scheme's Constitution, the Scheme distributes income adjusted for amounts determined by the Responsible Entity, to unitholders by cash or reinvestment. The distributions are recognised in the Statement of comprehensive income as finance costs attributable to unitholders.

The distribution amount payable to unitholders at the end of each year is recognised separately in the Statement of financial position when unitholders are presently entitled to the distributable income under the Scheme's Constitution.

8 Cash and cash equivalents

	2026 \$'000	2025 \$'000
Cash at bank	<u>13,134</u>	<u>22,871</u>
Total cash and cash equivalents	<u>13,134</u>	<u>22,871</u>

9 Financial assets at fair value through profit or loss

	2026 \$'000	2025 \$'000
Listed equities	369,455	430,059
Listed unit trusts	<u>34,066</u>	<u>53,764</u>
Total financial assets at fair value through profit or loss	<u>403,521</u>	<u>483,823</u>

Listed equities and listed unit trusts are measured at fair value through profit or loss.

The Scheme classifies its investments based on its business model for managing those financial assets and the contractual cash flow characteristics of the financial assets.

The Scheme's portfolio of financial assets is managed and performance is evaluated on a fair value basis in accordance with the Scheme's documented investment strategy. The Scheme uses fair value information to assess performance of the portfolio and to make decisions to rebalance the portfolio or to realise fair value gains or minimise losses through sales or other trading strategies. The Scheme's policy is for the Responsible Entity to evaluate the information about these financial assets on a fair value basis together with other related financial information.

Measurement

At initial recognition, the Scheme recognises all financial instruments at fair value. Transaction costs of financial assets carried at fair value through profit or loss are expensed in the statement of comprehensive income.

Subsequent to initial recognition, all financial assets at fair value through profit or loss are measured at fair value. Gains and losses arising from changes in the fair value of the 'financial assets at fair value through profit or loss' category are presented in the statement of comprehensive income in the period in which they arise.

- *Fair value in an active market*

The fair value of financial assets and liabilities traded in active markets is based on their quoted market prices at the end of the year without any deduction for estimated future selling costs. Financial assets are priced at current bid prices, while financial liabilities are priced at current asking prices.

A financial instrument is regarded as quoted in active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency and those prices represent actual and regularly occurring market transactions on an arm's length basis.

- *Fair value in an inactive or unquoted market*

The fair value of financial assets and liabilities not traded in an active market is determined using valuation techniques. These include the use of recent arm's length market transactions, discounted cash flow techniques, option pricing models or any other valuation technique that provides a reliable estimate of prices obtained in actual market transactions.

Where discounted cash flow techniques are used, estimated future cash flows are based on management's best estimates and the discount rate used is the market rate at the end of the reporting period applicable for an instrument with similar terms and conditions.

For other pricing models, inputs are based on market data at the end of the reporting period.

An overview of the risk exposures relating to financial assets at fair value through profit or loss is included in Note 10.

10 Financial risk management

(a) Objectives, strategies, policies and processes

The Scheme's activities may expose it to a variety of financial risks: market risk (price risk), credit risk and liquidity risk.

The Scheme's overall risk management program focuses on ensuring compliance with the Scheme's disclosure documents and seeks to maximise the returns derived for the level of risk to which the Scheme is exposed. Financial risk management is carried out by an Investment Manager under policies approved by the Board of Directors of the Responsible Entity ("the Board").

The Scheme uses different methods to measure different types of risk to which it is exposed. These methods include sensitivity analysis and ratings analysis for credit risk.

As part of its risk management strategy, the Scheme may use derivatives and other investments, including bond futures, interest rate swaps and forward currency contracts, to manage exposures resulting from changes in interest rates, foreign currencies and equity price risks.

(b) Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: price risk, foreign currency risk and interest rate risk. The Scheme is subject to price risk. Market risk is managed and monitored using sensitivity analysis and minimised through ensuring that all investment activities are undertaken in accordance with established mandates and investment strategies.

The market risk disclosures are prepared on the basis of the Scheme's direct investments and not on a look through basis for investments held in the Scheme.

The sensitivity of the Scheme's net assets attributable to unitholders (and profit/(loss) before finance costs attributable to unitholders) to price risk is measured by the reasonably possible movements approach. This approach is determined based on management's best estimate, having regard to a number of factors, historical correlation of the Scheme's investments with the relevant benchmarks and market volatility. However, actual movements in the risk variables may be greater or less than anticipated due to a number of factors, including unusually large market shocks resulting from changes in the performance of the economies, markets and securities in which the Scheme invests. As a result, historic variations in the risk variables are not a definitive indicator of future variations in the risk variables.

The overall market exposures at year end were as follows:

	2026 \$'000	2025 \$'000
Securities at fair value through profit or loss	403,521	483,823

(i) Price risk

Price risk is the risk that the fair value or future cash flows of equities will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

Price risk exposure arises from the Scheme's investment portfolio. The investments are classified on the statement of financial position as at fair value through profit or loss. All securities and unit trusts investments present a risk of loss of capital. Except for equities sold short, the maximum risk resulting from financial instruments is determined by the fair value of the financial instruments. Possible losses from equities sold short can be unlimited.

The Investment Manager mitigates this price risk through diversification and a careful selection of securities and other financial instruments within specified limits set by the Board.

The Scheme's overall market positions are monitored on a regular basis by the Scheme's Investment Manager. This information and the compliance with the Scheme's disclosure documents are reported to the relevant parties on a regular basis as deemed appropriate such as key management personnel, compliance committees and ultimately the Board.

If the equity prices had increased/(decreased) by the percentage indicated below, with all other variables held constant, the net assets attributable to unitholders (and profit/(loss) before finance costs attributable to unitholders) would have changed by the following amounts, approximately and respectively:

10 Financial risk management (continued)

(b) Market risk (continued)

(i) Price risk (continued)

	Impact on net assets attributable to unitholders	
	2026	2025
	\$'000	\$'000
Securities prices 2026: +13.50% (2025: +13.90%)	54,475	67,251
Securities prices 2026: -13.50% (2025: -13.90%)	(54,475)	(67,251)

These changes are calculated on an undiscounted basis. The analysis is performed on the same basis for 2026 and 2025.

(c) Credit risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation.

Credit risk primarily arises from cash and cash equivalents, deposits with banks and listed securities.

With respect to credit risk arising from the financial assets of the Scheme, other than derivatives, the Scheme's exposure to credit risk arises from default of the counterparty, with the current exposure equal to the fair value of these investments as disclosed in the statement of financial position. This does not represent the maximum risk exposure that could arise in the future as a result of changes in values, but best represents the current maximum exposure at the end of the year.

All transactions in listed securities are settled/paid for upon delivery using approved brokers. The risk of default is considered low, as delivery of securities sold is only made once the broker has received payment. Payment is made once purchase of the securities has been received by the broker. The trade will fail if either party fails to meet its obligations.

The Scheme holds no collateral as security or any other credit enhancements. There are no financial assets that are past due or impaired, or would otherwise be past due or impaired.

Counterparty credit limits and the list of authorised brokers are reviewed by the relevant parties within the Responsible Entity on a regular basis as deemed appropriate.

In accordance with the Scheme's policy, the Investment Manager monitors the Scheme's credit position on a regular basis. This information and the compliance with the Scheme's policy are reported to the relevant parties on a regular basis as deemed appropriate such as key management personnel, compliance committees and ultimately the Board.

(d) Concentrations of risk

Concentrations of risk arise when a number of financial instruments are entered into with the same counterparty, or where a number of counterparties are engaged in similar business activities, or activities in the same geographical region, or have similar economic conditions. These similarities would cause the counterparties' liabilities to meet the contractual obligations to be similarly affected by certain changes in the risk variables.

The concentrations of risk are monitored by the Investment Manager to ensure they are within acceptable limits by reducing the exposures or by other means as deemed appropriate.

Concentrations of risk are managed by industry sector for equity instruments and by counterparty for debt instruments and selected derivatives.

Based on the concentrations of risk that are managed by industry sector and/or counterparty, the following investments can be analysed by the industry sector and/or counterparty as at 30 June 2026 and 30 June 2025:

	2026	2025
	\$'000	\$'000
Listed equities	369,455	430,059
Listed unit trusts	34,066	53,764
Total	403,521	483,823

10 Financial risk management (continued)

(e) Liquidity risk

Liquidity risk is the risk that the Scheme will be unable to meet its financial obligations as they fall due.

The Scheme manages liquidity risk by maintaining sufficient cash and cash equivalents and investing predominantly in listed equities and listed unit trusts that are actively traded and can generally be realised within a short period of time.

The Scheme is exposed to investor applications and redemptions. Under the terms of the Constitution, the Responsible Entity may defer or adjust redemptions where it is in the best interests of unitholders.

The Investment Manager monitors the Scheme's liquidity position on a regular basis having regard to cash balances, forecast investor flows and the liquidity of the underlying investment portfolio.

Financial liabilities that are not measured at fair value through profit or loss comprise distributions payable and other short-term payables, which are generally expected to be settled within 12 months.

The maturity analysis below summarises the contractual maturity profile of the Scheme's financial liabilities and net assets attributable to unitholders.

Maturity analysis for financial liabilities

For financial liabilities that are not classified and measured at fair value through profit or loss, these are classified as financial liabilities at amortised cost. This category includes short term payables.

The table below summarises the maturity profile of the Scheme's financial liabilities and redeemable units based on the remaining period at the end of the year to the contractual maturity date. The amounts in the table are the contractual undiscounted cash flows.

	Under 1 month \$'000	1-3 months \$'000	3-12 months \$'000	Over 12 months \$'000
2026				
Financial liabilities:				
Distributions payable	8,223	-	-	-
Payables	5,349	-	-	-
Net assets attributable to unit holders	<u>408,890</u>	<u>-</u>	<u>-</u>	<u>-</u>
Total financial liabilities	<u>422,462</u>	<u>-</u>	<u>-</u>	<u>-</u>
	Under 1 month \$'000	1-3 months \$'000	3-12 months \$'000	Over 12 months \$'000
2025				
Financial liabilities:				
Distributions payable	1,335	-	-	-
Payables	3,734	-	-	-
Net assets attributable to unitholders	<u>503,157</u>	<u>-</u>	<u>-</u>	<u>-</u>
Total financial liabilities	<u>508,226</u>	<u>-</u>	<u>-</u>	<u>-</u>

As disclosed above, the Investment Manager manages the Scheme's liquidity risk by investing predominantly in liquid assets. Liquid assets include cash and cash equivalents, listed unit trusts and listed equities. As at 30 June 2026, these assets amounted to \$416,654,699 (30 June 2025: \$506,694,499).

(f) Estimation of fair values of financial assets and liabilities

The carrying amounts of all the Scheme's financial assets and financial liabilities at the end of the year approximated their fair values.

The Scheme values its investments in accordance with the accounting policies set out in Note 9.

(g) Fair value hierarchy

The Scheme is required to classify fair value measurements using a fair value hierarchy that reflects the subjectivity of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices).
- Level 3: Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs).

10 Financial risk management (continued)

(g) Fair value hierarchy (continued)

The level in the fair value hierarchy within which the fair value measurement is categorised in its entirety is determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety. For this purpose, the significance of an input is assessed against the fair value measurement in its entirety. If a fair value measurement uses observable inputs that require significant adjustment based on unobservable inputs, that measurement is a level 3 measurement. Assessing the significance of a particular input to the fair value measurement in its entirety requires judgement, considering factors specific to the asset or liability.

The determination of what constitutes "observable" requires significant judgement by the Responsible Entity. The Responsible Entity considers observable data to be the market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary and provided by independent sources that are actively involved in the relevant market.

The table below sets out the Scheme's financial assets and liabilities (by class) measured at fair value according to the fair value hierarchy at the reporting date.

All fair value measurements disclosed are recurring fair value measurements.

	Level 1 \$'000	Level 2 \$'000	Level 3 \$'000	Total \$'000
2026				
Financial assets				
Listed equities	369,455	-	-	369,455
Listed unit trusts	34,066	-	-	34,066
Total financial assets	403,521	-	-	403,521
	Level 1 \$'000	Level 2 \$'000	Level 3 \$'000	Total \$'000
2025				
Financial assets				
Listed equities	430,059	-	-	430,059
Listed unit trusts	53,764	-	-	53,764
Total financial assets	483,823	-	-	483,823

The pricing for the majority of the Scheme's investments is generally sourced from independent pricing sources, the relevant Investment Managers or reliable brokers' quotes.

Investments whose values are based on quoted market prices in active markets and are therefore classified within level 1, include active listed equities and exchange traded derivatives.

The Scheme's policy is to recognise transfers into and out of fair value hierarchy levels as at the end of the year. There were no transfers between levels 1, 2 and 3 of the fair value hierarchy during the year (30 June 2025: Nil).

11 Receivables

	2026 \$'000	2025 \$'000
Dividends receivable	837	819
Distributions receivable	254	444
Interest receivable	30	61
GST receivable	71	85
Applications receivable	126	123
Outstanding settlements receivable	4,489	-
Total receivables	5,807	1,532

Sale of financial instruments that are unsettled at the end of each year are included in receivables.

Dividends and trust distributions are accrued when the right to receive payment is established (ex-date). Distributions receivable are recognised when entitlement is established. Other receivables are recognised initially at fair value and subsequently measured at amortised cost. No impairment provision was recognised at 30 June 2026 (30 June 2025: Nil).

Expenses of various services provided to the Scheme by third parties such as custodial services and investment management fees etc. are recognised net of the amount of associated GST, unless the GST incurred is not recoverable from the tax authority. In this case, it is recognised as part of the related expense or cost item. The Scheme qualifies for Reduced Input Tax Credits (RITC) at a rate of 55% or 75%.

12 Payables

	2026 \$'000	2025 \$'000
Management costs payable	324	378
Withholding tax payable	1	-
Redemptions payable	1,745	514
Transaction costs payable	9	4
Outstanding settlements payable	3,270	2,838
Total payables	5,349	3,734

Payables include liabilities and accrued expenses owing by the Scheme which are unpaid as at the end of the year.

Purchases of financial instruments that are unsettled at the end of each year are included in payables.

13 Related party transactions

Responsible Entity

The Responsible Entity of Platypus Australian Equities Fund is Australian Unity Funds Management Limited (ABN 60 071 497 115) whose immediate and ultimate Parent Entity is Australian Unity Limited (ABN 23 087 648 888).

Key management personnel

(a) Directors

Key management personnel include persons who are directors of Australian Unity Funds Management Limited during the whole of the financial year and up to the date of this report (unless otherwise stated):

Adam Vise	Executive Director (appointed 29 August 2025)
Balaji Gopal	Executive Director (appointed 28 August 2026)
Darren Mann	Executive Director (resigned 12 January 2026)
Esther Kerr	Executive Director (resigned 29 August 2025)
Julien Playoust	Non-Executive Director (appointed 31 July 2026)
Matthew Ricker	Executive Director (appointed 12 January 2026, resigned 31 July 2026)
Paul Ryan	Executive Director (appointed 15 December 2025, retired 28 August 2026)
Rohan Mead	Executive Director (retired 15 December 2025)

(b) Transactions with key management personnel

Key management personnel did not hold units in the Scheme as at 30 June 2026 (30 June 2025: Nil).

(c) Other key management personnel

There were no other persons with responsibility for planning, directing and controlling the activities of the Scheme, directly or indirectly during the year.

(d) Remuneration

No payments were made from the fund to the directors for the year ended 30 June 2026.

Other transactions within the Scheme

From time to time directors of Australian Unity Funds Management Limited, or their director related entities, may invest in or withdraw from the Scheme. These investments or withdrawals are on the same terms and conditions as those entered into by other Scheme investors and are trivial in nature.

Apart from those details disclosed in this note, no key management personnel have entered into a material contract with the Scheme during the financial year and there were no material contracts involving management personnel's interests existing at year end.

Management costs and other transactions

Management costs include management fees and other expenses or reimbursements deducted in relation to the Scheme, but do not include transactional and operational costs such as brokerage. Management costs are not paid directly by the unitholders of the Scheme.

The Investment Management fee paid to Platypus Asset Management Pty Ltd is incurred by the Responsible Entity.

The transactions during the year and amounts payable at year end between the Scheme and the Responsible Entity were as follows:

13 Related party transactions (continued)

Responsible Entity's fees and other transactions (continued)

	2026 \$	2025 \$
Management costs for the year paid by the Scheme to the Responsible Entity	<u>4,015,437</u>	<u>3,845,132</u>

Net cash outflows from operating activities	<u>(2,847)</u>	<u>(81,529)</u>
(b) Non-cash operating and financing activities		
During the year, the following distribution payments to unitholders were satisfied by the issue of units under the distribution reinvestment plan	<u>783</u>	<u>645</u>

15 Events occurring after end of year

In September 2026, Australian Unity Funds Management Limited, as Responsible Entity of the Scheme, determined that it was in the best interests of Unitholders to terminate and commence an orderly wind-up of the Scheme under sections 601NA and 601NE(1)(a) of the Corporations Act 2001 (Cth) and the relevant provisions of the Scheme's Constitution.

The Constitution provides that the Scheme terminates on the date specified by the Responsible Entity in a notice given to Unitholders. The termination date specified in that notice is 8 September 2026.

In winding up the Scheme, the remaining assets will be realised, outstanding liabilities discharged and the remaining net proceeds distributed to unitholders in accordance with the Scheme's Constitution.

As a result, the financial statements have been prepared on a basis other than going concern. This change in basis has not resulted in a material adjustment to the carrying amounts of the Scheme's assets and liabilities at 30 June 2026.

Since 30 June 2026, the Scheme has processed investor redemptions totalling approximately \$206.5 million. These redemptions were met from available cash and the realisation of listed investments. Management is satisfied that the Scheme remains able to meet its obligations as they fall due.

Apart from the matters described above, no other events have occurred since the reporting date that would materially affect the Scheme's financial position or performance.

16 Contingent assets and liabilities and commitments

The Scheme had no outstanding contingent assets, liabilities or commitments as at 30 June 2026 and 30 June 2025.

Directors' declaration

In the opinion of the directors of the Responsible Entity:

- (a) The financial statements and notes set out on pages 6 to 23 are in accordance with the *Corporations Act 2001*, including:
 - (i) complying with Australian Accounting Standards, the *Corporations Regulations 2001* and other mandatory professional reporting requirements and
 - (ii) giving a true and fair view of the Scheme's financial position as at 30 June 2026 and of its performance, as represented by the results of its operations and cash flows, for the year ended on that date.
- (b) There are reasonable grounds to believe that the Scheme will be able to pay its debts as and when they become due and payable
- (c) The financial statements are in accordance with the Scheme's Constitution, and
- (d) Note 2(a) confirms that the financial statements also comply with International Financial Reporting Standards as issued by the International Accounting Standards Board.

This declaration is made in accordance with a resolution of the directors of the Responsible Entity.

Independent Auditor's Report

To the unitholders of Platypus Australian Equities Fund

Report on the audit of the Financial Report

Opinion

We have audited the **Financial Report** of Platypus Australian Equities Fund (the Scheme).

In our opinion, the accompanying Financial Report of the Scheme gives a true and fair view, including of the Scheme's financial position as at 30 June 2026 and of its financial performance for the year then ended, in accordance with the *Corporations Act 2001*, in compliance with *Australian Accounting Standards* and the *Corporations Regulations 2001*.

The **Financial Report** comprises:

- Statement of financial position as at 30 June 2026
- Statement of comprehensive income, Statement of changes in net assets attributable to unitholders - liability, and Statement of cash flows for the year then ended 30 June 2026
- Notes, including material accounting policies
- Directors' Declaration

Basis for opinion

We conducted our audit in accordance with *Australian Auditing Standards*. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the Financial Report* section of our report.

We are independent of the Scheme in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* issued by the Accounting Professional & Ethical Standards Board Limited (the Code) that are relevant to audits of the financial report of public interest entities in Australia. We have fulfilled our other ethical responsibilities in accordance with these requirements.

Emphasis of matter – basis of preparation other than going concern

We draw attention to Note 2(a) of the financial statements, which describes that the financial statements have been prepared on a basis other than going concern as the Responsible Entity resolved to wind up the Scheme and return the remaining net assets to unitholders. The Responsible Entity expects the wind-up process to be completed during October 2026. Our opinion is not modified in respect of this matter.

Other Information

Other Information is financial and non-financial information in scheme's annual report which is provided in addition to the Financial Report and the Auditor's Report. The Directors of Australian Unity Funds

Management Limited (the Responsible Entity) is responsible for the Other Information.

Our opinion on the Financial Report does not cover the Other Information and, accordingly, we do not express an audit opinion or any form of assurance conclusion thereon.

In connection with our audit of the Financial Report, our responsibility is to read the Other Information. In doing so, we consider whether the Other Information is materially inconsistent with the Financial Report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

We are required to report if we conclude that there is a material misstatement of this Other Information and based on the work we have performed on the Other Information that we obtained prior to the date of this Auditor's Report we have nothing to report.

Responsibilities of the Directors for the Financial Report

The Directors are responsible for:

- preparing the Financial Report in accordance with the *Corporations Act 2001*, including giving a true and fair view of the financial position and performance of the Scheme and in compliance with *Australian Accounting Standards* and the *Corporations Regulations 2001*
- implementing necessary internal control to enable the preparation of a Financial Report in accordance with the *Corporations Act 2001*, including giving a true and fair view of the financial position and performance of the Scheme, and that is free from material misstatement, whether due to fraud or error
- assessing the Scheme's ability to continue as a going concern and whether the use of the going concern basis of accounting is appropriate. This includes disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless they either intend to liquidate the Scheme's or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the Financial Report

Our objective is:

- to obtain reasonable assurance about whether the Financial Report as a whole is free from material misstatement, whether due to fraud or error; and
- to issue an Auditor's Report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with *Australian Auditing Standards* will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error. They are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the Financial Report.

A further description of our responsibilities for the audit of the Financial Report is located at the *Auditing and Assurance Standards Board* website at: https://www.auasb.gov.au/auditors_responsibilities/ar4.pdf This description forms part of our Auditor's Report.
